

# Advocacy Action Planning Worksheet

Our problem:

## Planning and Preparation

### *Research the issue*

What are the causes of the problem?

Who would you speak with to learn more about the problem (e.g.: individuals, organizations, etc.)? What would you ask?

What data would be useful to collect in order to learn more about the problem?

What are some regulations/guidelines already in place?

### *Find a solution to address the problem*

1. Name one solution that would solve the problem. List its advantages and disadvantages.

<i>Our Solution:</i>	<i>Advantages</i>	<i>Disadvantages</i>

## Action Plan

Identify your potential allies and supporters. How would they help you?

What person or group would oppose your solution?

What agencies/institutions (local, state and/or federal) would best address the problem?

What talking points would you use to encourage others to support your solution?
